President's Message for March 2019

Hello Everyone,

HAPPY SAINT PATTY'S DAY TO ALL!!

BIG REMINDER- NO GENERAL MEETING ON THURSDAY, MARCH 7; INSTEAD WE ARE HAVING DEAL OR NO DEAL. This event will be held on the basketball court at the Marco YMCA. Please make sure you bring small bills so you can purchase some excellent experienced fishing equipment!

Last month we had our Sheepshead Shindig. It was headed up by Gloria Robertson and her crew consisting of Russ Roe and Dave Dodd. What a fantastic job! We had 90+ for dinner, music and dancing, and all went well. **GREAT JOB SHEEPSHEAD TEAM!**

Ok folks now it's time to gear up for the next few events- Baiting Beauties, Trout Event, Buddy Trip and finally Super Grouper. So, get ready, we are gonna' be busy. Sign up tables will be at the DEAL OR NO DEAL event, so you can sign up there as well as through the newsletter.

I just got word from Walker's Marine regarding their annual charity Tarpon Tournament, scheduled for April 13th with the Captain's meeting on the 12th. I was informed that the Captain's meeting will include a silent auction as well. The Walker organization has been very good to our club over the years and by participating in this event it is a great way to say thanks. Please be aware that 100% of the proceeds goes to charity and is tax deductible. Additional information will follow as I receive it.

One last item, on March 18th there will be a **WATER QUALITY WORKSHOP** at city hall. Additional information on this will be in newsletter and on web site. We all have a vested interest in our water, so time to get involved.

Don't forget to send in those big fish pictures!!

Remember: A shrimp that wiggles is better than one that doesn't.

See ya' at the bait shop. Pete A

PS. Please help our club to be even better. Please email me any thoughts you have for future speakers or fishing events. We are always looking for ways to improve.

Kayak Fishing the Imperial River

February 12, 2019

by Victor Ordija

Expectations were high for the seven kayakers that left the launch on the Imperial River. Last year several large Snook including two fish above slot were caught at this venue. Weather conditions were good, the water was crystal clear but the ten mile paddle that the group endured resulted in very few fish being caught. Very little fish activity was seen as the group paddled down river and into Fish Trap Bay. A few Pelicans were observed in the bay diving on bait fish but no feeding fish were seen attacking the small school of bait. Gary Costley managed to catch a small Black Drum and Mike Larsen reported catching a small Redfish. All the other fish caught were a few Snappers, Jacks and Ladyfish. The Imperial River is a scenic waterway with large expensive homes along the shoreline before the river enters Fish Trap Bay. While the main channel has considerable traffic, the side channel that leads into Fish Trap Bay is pristine and is normally the area that is most productive for anglers. On this day, other than enjoying a nice day on the water, the kayakers had little to show for their effort.

Offshore Report by Ed Shebert

FEBRUARY EVENT – Most all Offshore Excursions were met with good catches of Red Grouper and Yellowtail Snapper, almost exclusively in 95' – 115' of water. Also there were a couple of trips in 50' - 60' with Snapper Success. 10 Mile Bait Stop, always prolific, has been reduced to 2 and 3" Sand Perch. But they are good for Grouper as a 27"er was brought over the rails. Blogs, reports, and news articles are stating Gulf conditions are improving.

COMING EVENTS

MARCH EVENT – Fish Sunday, March 1st thru March 9th, Fish anywhere, Catch Anything. Largest Legal **Yellowtail Snapper wins \$20** ticket for MSC clothing item in all divisions.

APRIL EVENT - SUPER GROUPEr TOURNAMENT *Mike Mueller and Roger Linder are CO-CAPTAIN'S* Fish Tuesday April 2nd thru Wednesday April 9th. Details available NOW – see program and signup sheet in this newsletter. Captains, sign up early, no need to have your crew fixed as of yet. Also, I have 'alternate' crew bench available if you need....let me know asap, they go fast.

Send Signup sheets to: Ed Shebert eshebert@savatree.com c: 9145646638

2019 Sheepshead Shindig

February 14, 2019

Due to Small Craft Warnings predicted for February 13th the Sheepshead Tournament was actually held on Thursday the 14th. It was a challenge still with 2 to 4 seas but the tournament was still a huge success. What better way to spend Valentines Day then with the love of your life.....a Sheepshead.

We had 29 teams with a total of 80 Anglers. Prizes were awarded to the team with the 2 heaviest Sheepshead per boat regardless of the number of anglers.

- Ken Robertson took 1st place boat prize with 10.00 lbs
- Bob Horst took 2nd place boat prize with 8.61 lbs
- Tony Saputo took 3rd place boat prize with 7.68 lbs
- Dave Dodd took 4th place boat prize with 5.70 lbs
- Dick Larson took 5th place boat prize with 4.74 lbs.

There were individual awards based on the heaviest Sheepshead caught per angler.

- Bob Horst took 1st place with 6.16 lbs
- Bob Mazzatto took 2nd place with 5.38 lbs
- Tony Saputo took 3rd place with 5.06 lbs.

Buddy Trip
February 25, 2019
by Joe Perino

The Buddy Trip outing started in the Coon Key area where we fished for about an hour or so to look for the elusive whiting. We then left the area and headed for Cape Romano where we spent most of the day. The temperature was warm but winds were gusty. Putting the high wind aside, it was a really beautiful day. There were ten boats on this trip, four from the north and six from the south. The 34 anglers on the boats caught a plethora of fishes. Among the fishes caught were: whiting, silver trout, pompano, sheepshead, lady fish, bonnethead sharks, a lemon shark, a sting ray, sea robin, lizard fish, a grouper, blue runner and of course, an abundance of catfish. The day was ended with a fish tales that consisted of a cocktail hour and dinner with significant others at the Moose Lodge. Forty three people dined on prime rib, chicken and eggplant with cake for desert. As usual the camaraderie was wonderful as the people on the Buddy List are a close group of friends. The next outing will be on Wednesday, March 25, 2019.

Everglades Trip

January 18, 2019

by John Marchetti

This January, the Marco Sportfishing Club, featured Everglades fishing guides Captain Rapp and Captain Brandon. Together, they shared their knowledge of fishing the “Glades”.

A trip with Captain Brandon or either of his two sons, Austin and Kaleb, of Everglades City Fishing Charters was raffled off that night. Club member, John Marchetti was the lucky winner. Here is his account of the trip. “After donating to the club’s 50-50 for 6 years (and never winning), I figured I was due. Surprise, I won! I thought that this was a great idea for the club. It showed our support for the speaker in purchasing a guided trip and it gave the opportunity for a member to score a day of fishing, while learning the techniques presented by the speaker.

I wanted to get out there as soon as possible to report back to the club by the February meeting. I asked fellow club member, Jim Doench to join me and together with Capt. Brandon, we picked a date. He adjusted the time of the trip to match the premium tides (10:00 – 4:00) and we secured the date of January 18th.

We met at the Everglades Bait and Tackle Shop (owned by Captain Brandon’s wife) and headed over

to their dock a few streets away. We were to be fishing with Captain Austin, the Snook specialist and our favorite species to fish for. In picking the date, we were able to control the tides, but not the winds. As we all know, a steady east wind of 15 mph can alter your plans. The water was muddy and low and became a challenge getting thru Chokoloskee Bay to those “planned hotspots”. We decided to use our own rods, but we used their bucktail jigs, red head with white tails. On the Captain’s advice, based on conditions, we tipped these jigs with a small piece of shrimp. He was happy to hear that we would be “catch and release” fishing, (I’m pretty sure it was a conservation “happy” not because he didn’t have to clean fish). The 19’ skiff made its way down to the mouth of the Huston and Chatam Rivers and

we began fishing. The bite for Snook was on immediately, most were smaller males, in the 15” to 20” variety, but they were plentiful. Moving slightly up into the Huston River tidal flats, we were onto Redfish. Again, abundant, but most were the same size as the northern catches around Marco, 13” to 18”. Although the tackle was the same, the technique and water condition for these varied a little. With about 15 to 20 of each species under our belt, and as the tide quickened, we moved again, into faster water and onto trout. This is where the southern distinction had shown. Almost all of the trout were over 18” and plump. As tide rose, we were able to move to more secluded areas continuing our varied catches. A few black drum, sheepshead and jack crevalle rounded out our catch and closed out our day. Back at the dock, Captain Brandon was working on one of their other boats, a 25’ bay boat. He shared his vision of this family business... both of his sons loved fishing, with his wife running the tackle shop, it was a way of securing their future in the sport we all love. Good luck to Everglades City Fishing Charters.”

Go Fishing!

Update from the Editor February 2019

Lots' of action these last few weeks and expect more in the weeks to come. The winners in the Sheepshead Shindig caught fish which made the Leader Board. Also look at the pictures submitted by new member Jeff Krantz at the bottom of the page.

There was also a lot of action at the Thursday Water Advisory Committee (WAC) meeting. The committee has 3 new members, all very knowledgeable and enthusiastic, just like the other 4 members. The city council is very much aware that water quality is a top priority in the minds of most Marco residents. Hopefully there will be some positive action this year. Sam Young is now a council member and you can be sure he will push the issue. At the WAC meeting Sam announced that he is working with University of Florida to start an intense and thorough study of Marco Island's waterways. More on this in the future. In closing if you have not reviewed the Sunday eblast regarding Water Quality get into it ASAP. It has a report, long but very readable, by Turrell and Hall discussing the Nitrogen issues as well as other matters. Finally, on March 18th there is a meeting at City Hall to discuss and take public comment on water quality concerns, details are noted in the eblast.

Finally, I am always looking for interesting pictures with an accompanying "Fishing Tale". Send them to me as well as any other comments at pfwanzenberg@yahoo.com.

CURRENT PICNIC PARKING RULES

Beginning in October 2016, MICA no longer issues stickers for vehicles, rather requires that vehicles have a person aboard with a current MICA membership card. In the past, as a courtesy to the club, they had allowed club members without MICA membership to park in the lot if they were attending the picnic. However, due to complaints from MICA members that the lot was full during picnics, we no longer have that luxury.

Please be aware that the fine for parking on a swale within the vicinity of Sarazen Park is \$95.

HOW TO PARK FOR PICNICS:

- 1) Marco Island residents can purchase an ID card at the MICA office (above the Mutual of Omaha Bank on San Marco and S. Barfield) for \$140. You will need a tax bill or homeowners insurance policy with your name on it. <http://www.marcocivic.com/applications/> The ID for your wallet (or on a lanyard) allows you to park any vehicle in the lot. However, it appears that the ID card does not replace the old sticker, ie. you can't let someone else drive your car, they will look at your card to make sure you are in the vehicle. Also, MICA has been leaving notices on cars (including convertibles) that the card must be left on the windshield (not on list of 27 rules or on MICA website). Be aware if someone steals your ID card for following this dumb rule, it will cost you \$25 to replace it. Maybe leave a copy of your card on the dashboard instead?
- 2) Get a Collier County beach sticker from the library or Caxambas boat ramp, and park in the Collier County parking lot, which is adjacent and east of the MICA lot. You cannot park in the MICA lot with this sticker. The stickers are free to Collier County residents, but you need your car registration. Note that in season on very nice days, the Collier County lot could be full by mid-morning. *
- 3) Pay the fee for parking in the Collier County parking lot of \$8 (correct change required). *
- 4) Find a ride from someone who has a MICA card.
- 5) Be aware that MICA rule #15 states: "MEMBERS MAY NOT SHUTTLE GUESTS. MEMBERS MAY ENTER ONCE WITH UP TO FIVE PERSONS ONLY".
- 6) Park at a friend's house/condo that lives within walking distance. I'm not allowed to say who they are (we have many) but you can check the roster. Maybe buy him/her some beers at Happy Hour.

* The Collier County rangers who sometimes patrol the Collier County parking lot, have been telling picnic goers that the lot is for "beach parking only" and not for attending picnics (I doubt if this has been tested in court). So if you park there you should appear as if you are going to the beach. Passing chairs over the fence will probably get you busted. Because of liability issues, **ANYONE CLIMBING OVER THE FENCE WILL BE EJECTED FROM THE PICNIC WITH NO REFUND.**

Note: These are these that latest rules as 1/23/2018. See the date-stamped [CURRENT PICNIC PARKING RULES](#) for any changes.
