

Captain's Corner / Tackle Box

May 2023

President - Chris Vines

Vice President - Brent Paulson

Treasurer - Donna Deeter

Secretary - John Baker

Howdy once again!! Time again for the much anticipated monthly newsletter, and in reference to the date of our next General Meeting, "MAY THE 4TH BE WITH YOU." Sorry, but I couldn't help the Star Wars quote!! Now, back to fishing... If you haven't noticed the different monthly Tackle Box fish pictures, I'm trying to use either something relevant to my topic, or just really cool photos - this one is both, and gives me three things to talk to you about. I've been asked several times by new members, as well as those who are still new to the MSC, about how and where to catch certain types of fish, and also if there are any events for our women anglers.

There are many ways to learn about fishing and the local area, from Captains with charters, to neighbors or friends or other MSC members, or on our website <https://www.marcosportfishingclub.com>. A great place to start there is on the top menu dropdown, look under "Fishing Info", and then under "What's in Your Tackle Box", and also in that same sub-menu, "How Do I Catch These Fish". Many great links exist from catching different species of fish to hooks, knots, rods & reels, and one of our favorites - Salt Strong. <https://www.saltstrong.com>. There's so much great information to get ideas and learn from. As far as our Club is concerned, we are rolling out something new at the May meeting with a signup list for Captains looking for Crew or vice versa. The intent is to try and get more experienced members out with new folks or members without boats who love to fish. We'll also look into posting something similar to this signup list in future newsletters.

All of our memberships are "FAMILY" oriented, which means that spouses or significant others as well as dependent children are included. Ladies are welcome in ALL our events, and we have many anglers who take advantage of this. Our annual Baiting Beauties Event, held every March, specifically targets Lady Anglers and is run by long time member Cathy Erickson. It's been a great tournament, running for 10 years now, and the next event is set for March 3-10, 2024. Volunteer captains take the anglers out for a day of fishing for multiple species of fish and fun, and there's a picnic event at the end of the week for awards. You can even invite your non-member friends to participate!

Finally, that leads me to this month's picture of our current Treasurer, Donna Deeter. Caught on July 2nd, 2020, her 42.5" Snook is the current documented MSC record Snook caught. Along with a same-day-catch Tarpon, it vaulted her quickly into the lead to win the MSC annual Triple Crown Tournament which runs July 1st - October 31st. Snook seasons per the FWC currently run from March 1st - April 30th, and September 1st - November 30th where you can keep a 28"-33" slot fish in our area. Donna's was caught using a live Threadfin on a 6/0 circle hook, 40 pound monofilament leader, and 30 pound braid, paired on a Shimano Teramar rod and Penn Battle II 6000 spinning reel. The giant Snook was just laying in wait right along the edge of the mangroves in 4 feet of water, and the rest is history. Threadfin, Pilchards, & Greenies caught nearshore either with a 10 foot cast net or a sabiki rig are my favorite live bait! Ladies, get out there and fish!

CAPTAINS, once again please get your **VESSEL SAFETY CHECK** done, and make sure and give anyone you take out on your boat a good **SAFETY BRIEFING**. Your crew may end up saving your life if something goes drastically wrong!

HELP WANTED: February 2024 Sheepshead Event Leader. Previous years event information is available for assistance. Please email marcosportfishingclub@gmail.com. Volunteers are the folks who run our Club!!! Step up and help!! A special **THANK YOU** to Tom C, Tom O, and Alan W who have offered assistance with Picnics and Insurance. Please reach out to us with your ideas and suggestions on how to make the Marco Sportfishing Club worthy of your membership!!

Offshore Update – May 2023

What's Happening Offshore...

Don't forget...Gag Grouper is closed and will re-open Sept 1 through Nov 10, 2023, AJ will re-open May 1, 2023.

Red Grouper are being caught from 45' on out, with larger fish and higher keeper rates in the 100-120' range. Target your fishing window during times with good current flow and high solar activity for best bite. Snapper can be caught at all depths (bigger fish usually being in deeper water), including some nice Muttons, near reefs / wrecks and on ledges. Keep an eye on the crab traps nearshore and out to about 65' of water for Tripletail laying under the buoys, they cannot resist a live shrimp free-lined or under a small float. There have been reports of Cobia in the area recently migrating to the north, keep a live bait or big jig handy in case one pulls up behind your boat (they are not the smartest fish in the ocean). African Pompano can be found typically near structure and as shallow as 80' and they usually start schooling up in late spring. AJ's are around structure as well and will re-open for harvest May 1, they are fun to bend a rod if you are looking for a great fight. There has been a lot of bait nearshore so keep an eye out for Bonito and Spanish Mackerel feeding on the bait, look for surface activity and working birds to locate them, they are lots of fun on light tackle – don't forget the wire leader for the Mackerel! Trolling lures or drifting larger live baits on the outer edges of the Spanish Mackerel schools may find a hungry King too. Last, but not least, Permit are back...look for them on any wrecks / reefs with high relief and around the towers – they are lots of fun to catch and cannot resist a live crab.

Pick a calm day and get out there and have some fun...and be safe.

Offshore Events...

MSC Offshore Slam 2023, proudly sponsored by Rose Marina

Don't forget to sign up for the 2023 Offshore Slam, the event flyer is in the Newsletter and on the MSC website. We made a few improvements for this year...we added several additional species to the list to make it easier to complete a Slam and are again allowing fish that are not in season or of legal size to be entered – please handle these fish with care and get them back in the water healthy. Current Standings are below - we have 5 anglers with completed Slam's and a lot of nice fish entered.

Thanks to our club VP, Brent, we now have a real-time leaderboard. Every time a fish is entered the results are updated and posted to the club website immediately...check it out!

Please show your appreciation to the great team at Rose Marina by giving them your business, and use your MSC membership card to get your club discount on fishing tackle / bait too.

Super Grouper Spring 2023

Thank you to all the captains and crew that participated. We had 9 boats and 39 anglers. There were a few decent fishing days during the window and some nice fish caught, although I would say the fish were smaller in general this year compared to prior years. The results are summarized below. Many thanks to all the captains and crew that participated and congratulations to the winners!

Other Important Stuff...

Check out the Offshore Fishing reports on the MSC website, they are on the Offshore Homepage.

Offshore Captains – Don't forget to send me your Offshore Fishing Reports and photos of any remarkable catches when you return from fishing!

If you fish offshore and want to be added to our offshore email distribution, please send me a request via the link on the Offshore Fishing homepage and I will gladly add you to this exclusive team.

If you have any ideas, or want to volunteer to help with offshore events, feel free to contact me anytime.

Tight Lines!

Buddy Trip, March 27, 2023

The outing consisted of 7 boats and 23 people fishing. The weather was warm, but the water was dirty. Joe Perino and his crew got a late start because he could not find his boat keys. So, the four anglers went out on his small 17.5-foot Carolina Skiff. It was very crowded, and we all got wet but still had fun. The keys were later recovered since they slid off the counter into the recycle can. We were unable to catch up with the main group, so we fished alone. The small boat got us in close to snook territory and allowed ace angler Jay Terzis to realize his dreams of catching the big one. He hooked and skillfully landed a snook that exceeded 39 inches.

The catch that day was myriad and consisted of snook, flounder, speckled trout, silver trout, whiting, lady fish, snapper, and of course some feisty catfish.

That evening 38 people enjoyed cocktails and dinner at Paradise Found restaurant. The room was filled with a pleasing combination of laughter and friendship. The day turned out to be a time of great camaraderie and an opportunity to be with wonderful friends.

If you have any questions/comments or wish to be added to the Buddy List, contact Joe Perino rivpress@aol.com

MSC-Monthly Kayak Event

The Bass Hole

April's Kayak event took the group to the Bass Hole in Fakahatchee Strand State Park. It was the group's first trip there in a few years due to overfishing. As it turned out the Bass Hole rebounded quite well. The target species was largemouth bass. It's the only freshwater event of the year and is quite a change from the other areas.

The group launched about 7:30am on a windy day. Sharing the area with a few alligators, the fishing was active within the first half hour as several largemouth were caught. Using a variety of fishing options including topwater, nightcrawlers and plastics the bite was steady throughout the day. Along with the largemouth bass numerous peacock bass, Oscars, and Tilapia were also caught. Every angler came close to a Bass Hole slam of all four. It was a productive day all around.

Picnic Guidelines

General Tips

Because of park scheduling and catering issues, picnics will be held rain or shine, except in the event of named storms.

Due to limited seating under the chickee huts, bringing folding chairs and tables are encouraged. Veteran picnic-goers tend to cluster in groups with their own chairs.

Guests will pay a sur-charge of \$5 (\$8 for Tres de Mayo) over the normal member charge. Since MSC has only family memberships, both husband and wife are members.

New members/picnic attendees should identify themselves at check-in and at the beverage chickee in order to be introduced to other members.

Start time is always noon, beginning with a "social half-hour" with food serving **BEGINNING** around 12:30. Obviously if we're cooking steaks, everyone can't eat at the same time. The serving start time is approximate, depending on caterer delivery or efficiency of the cooking crew.

There is no set finish time, lasting until all fish tales have been exhausted (but no later than dark, when the gates are locked).

NEW LATE FEES

Due to the inordinate number of people paying late and the resulting workload increase on the host, the deadline for picnics is now **9 days** before the picnic and the late fee is increased to **\$5/person** (also considers inflation). Additionally, there will be an extra "Really Late Fee" of an additional **\$5/person** for signing up after the Saturday before the picnic.

Echecks – They are very slow and could cause you to be charged a late fee. Even though some banks say they will be delivered in 5 business days, the last two echecks took 9 days to arrive (7 business days), so plan accordingly.
