Dedicated to Safe Fishing in and around Marco Island

President's Message for August 2023

August is here, and that means hot, humid weather in Southwest Florida. But don't let that stop you from getting out on the water! The fishing is still great, and the cooler mornings make it a little more bearable. Just be sure to stay hydrated and wear sunscreen. There are still plenty of fish to be caught, so get out there and catch them!

Last month we held the "Paul Milici Memorial Shark Tournament" and the lively "Man Bites Shark" picnic. It was a fun event, and we are sure Paul would have approved. The picnic had several members try shark for the first time and they all went back for more. Be sure to check out the report in this issue.

At our July membership meeting we held a panel discussion by several of our premier offshore anglers. They provided both instructions on where to find several species of fish and how to use your fish finder to zero in on the schools. They also provided tips on how to anchor your boat correctly to put you right over the fish. At the Q&A session after their presentation, they answered questions from the attendees. Always pays to learn from the guys "who catch fish" how they do it.

We also kicked off the four-month long Triple Crown on July 1st. So far, we have 26 anglers signed up to fish in this event. Remember you can still sign up and fish in the Triple Crown until the end of this month. The registration fee is only \$25!!! But you need to sign up before you can submit a fish. Don't wait until you hook a Tarpon to decide you should have entered. One of our anglers has already caught all three species and he sits at the top of the scoreboard. Five anglers have caught an elusive Tarpon. You can check the standings by clicking [here](#) - or go to the coming events page on the website and click on "**Results**" in the Triple Crown event listing.

Howard Laskau hosted the July kayak event at the South End of Marco Island on July 24th. This was a great opportunity to explore the area from a different perspective and tested the anglers who were fishing up close and personal with the mangroves. In August Howard plans to fish in Chokoloskee Bay. Join him for a fun day on the water.

Offshore we put month seven of the "Offshore Slam, proudly sponsored by Rose Marina" in the record books, You can check the standings by clicking [here](#) or go to the Coming Events webpage

and click on **“The Current Standings”** in “The Year Long Offshore Contest” event listing. Try to get on the scoreboard or improve your standings this month – just keep an eye on the weather.

In the backwater this month we hold the “No Bait” event. As the name indicates – you fish without using live bait, or something that once was alive as bait. This is partly due to the fact that it is really tough to keep live bait alive with the heat in both the air and water. Most of the late summer anglers learned that fact the hard way. This event levels the playing field and everyone fishes artificials of one type or another. More details are available on the website or in the flyer in this edition.

Don't forget we have the monthly Fish of the Month (FOM) contest, and you can enter your catch for the leaderboard. August's FOM is Yellowtail Snapper.

Last month I asked for some new personnel to step up and help run the club. We are actively seeking members to prepare the PowerPoint Slides we use at our meetings, and someone to take on the email communication role. We have had some volunteers but still have openings for Board Officers, Board Members and Activity Leaders in 2024. We also will be looking to put together the personnel needed to run our club picnics in 2024. We will need all types of help to make the picnics as successful as the team that worked with Dave and Susie. We will begin planning shortly, so if you would like to help just let me know... It takes many people to make a successful picnic.

Finally, I need to remind you that there will not be a monthly membership meeting in September, but rather we will hold the “Annual Smoke Pork Cook-Off Picnic” run by Jerry Defibaugh and his picnic team. As usual, Jerry will have his Chefs competing for the “Best Chef 2023” awards. Give your taste buds a treat and plan to come to this fun event.

If you haven't submitted your signed club waiver, please take a minute to print out the form in this edition, read and sign the form, and send it in to the club post office box. Or scan the signed form and email it to marcosportfishingclub@gmail.com

Offshore Update – August 2023

What's Happening Offshore...

Don't forget...Gag Grouper is closed and will re-open Sept 1 through Nov 10, 2023. Amberjack is closed and will re-open Aug 1, 2023 through Aug 25, 2023. Red Grouper is closed and will re-open Jan 1, 2024.

American Red Snapper summer season for recreational anglers opened June 16 and will close July 31, 2023. Fall season will be every Friday-Sunday in the months of October and November 2023. "For Hire" vessels may harvest from June 1 through August 24, 2023.

Hopefully everyone got their fair share of Red Grouper prior to the closure July 21. American Red Snapper (ARS) can be caught starting at 130', best fishing typically begins at 160'. Reports on American Red Snapper are mixed with some finding fish in known spots and others not finding fish in spots that were known to be productive in the past. Once you find fish, limits come fast. My personal experience so far this season is that some spots that have been very productive in prior years are not holding any fish currently...American Reds or other species (see photo below of a nice ARS recently caught by my nephew). Snapper can be caught at all depths (bigger fish usually being in deeper water) near reefs / wrecks and on ledges. Cobia have shown up recently, not sure if these are migrating fish or residents, but they all taste the same, keep a jig or live bait at the ready in case one swims up to the boat (see photo of a Cobia caught July 18). African Pompano can be found typically near structure and as shallow as 80'. AJ's are around structure as well, they are fun to bend a rod if you are looking for a great fight. There has been a lot of bait at all depths so keep an eye out for Bonito and Spanish Mackerel feeding on the bait, look for surface activity and working birds to locate them, they are lots of fun on light tackle – don't forget the wire leader for the Mackerel! Trolling lures or drifting larger live baits on the outer edges of the Spanish Mackerel schools may find a hungry King too. Permit seem to have disappeared of late, but keep looking for them they should be around through fall...look for them on any wrecks / reefs with high relief and around the towers – they are lots of fun to catch and cannot resist a live crab. If you are really looking for an adventure, and own a gas station, some captains are running out to Pully Ridge and doing very well on many species not common in our local waters (see photo of a double header of Scamp Grouper caught on one slow pitch jig).

Pick a calm day and get out there and have some fun...and be safe.

2023 Paul Milici Memorial

“MAN BITES SHARK” Event

This year’s Man Bites Shark event was dedicated to Paul Milici who passed away unexpectedly in the fall of last year. Paul initiated the first shark tournament many years ago when he first joined the club. He loved this event and looked forward each year to the fishing and picnic experience afterwards where anglers and guests dined on shark fillets prepared by the grill master himself, John Baker.

Nine boats with 30 anglers headed out into the Gullivan Bay area on Wednesday, July 12th to kick off MSC’s annual “Man Bites Shark” event. The weather was a bit warmer than the typical Southwest Florida July heat, and there was a bit of a chop on the water. The action was pretty slow all day suggesting the sharks may prefer slightly cooler water. However, Chris Hutchings and crew managed to land the first and second Blacktips to win both categories. Marv Nathanson and crew won the categories for 1st Atlantic Sharp Nose and most sharks caught. Captain Pete and his crew on the Knothead landed the largest Blacktip measuring 33 inches to the fork. Marvin and Dolores Constanzer managed to boat a small lemon shark which was released. John Ryckman and crew boated a nice bonnet head and a 5’ that nobody has been able to identify. Unfortunately for the other boats, the sharks didn’t make an appearance.

The picnic was held at Sarazan Park on Friday, July 14th and was attended by about thirty two anglers, spouses, and guests. The picnic menu included grilled shark, hamburgers, hot dogs, and all the fixings. A special thanks to John Baker who handled all of the picnic logistics, including preparing and cooking the shark fillets. Margie Milici thanked everyone there for commemorating this event in honor of Paul

The \$500 in prize money provided by the event sponsor, Captain Guy Riordan was awarded as follows:

\$225.00 to Marv Nathanson and crew for the most sharks caught and the first Atlantic Sharp Nose.

\$150.00 to Chris Hutchings and crew for the first and second Blacktips caught.

\$125.00 was returned to the club as no other boat met the remaining winning categories.

The picnic saver. Alan Bristow and Jay Jones on Pete Arcidiacono’s boat.
